Blooming Grove, PA 18428

Dear Roy,

We want to thank you again for the wonderful job you did repairing our steeple. We spent many months looking for a qualified repairman, and we are so glad that we found you.

It was simply amazing watching you work at that height. All of your work was of the highest quality. You fulfilled all the commitments you made in your estimate, and did the additional necessary repairs that you discovered at a very reasonable cost. You are a true professional and a true craftsman.

Many people around town are commenting how wonderful the steeple looks. The members of our congregation are so pleased at the results of your labors. We would be glad to recommend you highly to other churches and organizations that need a talented steeplejack.

Sincerely,

William T. Noll
